Dear Mr. Collins:

In reference to your communication dated April 20, 1949, we want to take this opportunity to wish you a most successful convention.

Our present policy does not allow us to forward donations for door prizes, etc. at this time. This is due to the great many requests which we receive and hope that you will understand our position. It is by no means our intention to show lack of interest for these hundreds of hamfests held throughout the country, and we therefore would like to offer you some of our catalogs or loose leaf literature if you would so desire.

As there will be nobody from this office in your locality during your convention, we are herewith returning the tickets enclosed with your communication.

Again may we wish you a most successful affair.

Very truly yours,
